**ŠKODA**  
SIMPLY CLEVER

# NEXT LEVEL OF SUPERBNESS

Sometimes you wish to combine beauty and functionality. You want to live a life where style and spaciousness are in harmonious interconnection. Simply you want to have a dream which come true without any compromises. That car would be on fire. And it really is. We call it the ŠKODA SUPERB.

Design and emotions have the same language in the new SUPERB. You will enjoy every moment you drive this car no matter who will be your passenger. Everyone who just catch a sight of the car will admire it.

The SUPERB is counted as another example of our philosophy. We make beautifully designed cars that are the best experience for their users.

That's Simply Clever. That's ŠKODA.

# MYŠKODA APP

Driving your ŠKODA isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away.

Your ŠKODA vehicle is your everyday companion – and thanks to MyŠKODA, it's so much more. Now available for iOS (Apple) and Android (Google) devices, it provides comprehensive information about your car and its service no matter where you are. Use Apple CarPlay and AndroidAuto to mirror MyŠKODA via the onboard infotainment system and listen to your favourite tunes. Get roadside service or talk to your preferred dealer at a moment's notice.

Ask PAUL – the Personal Assistant  
U Love – to check traffic, set alarms,  
and solve your day-to-day challenges.

## Drive Activity Assistant

5E0 054 801

At speeds from 65 to 200 km per hour, the system evaluates data from the power steering sensors. When it detects behaviour that may indicate fatigue (such as more intensive direction corrections via the steering wheel), it sends an audible and visual signal to the driver, recommending to take a break.

## SmartLink+

000 054 830A (it is available only for Amundsen, Bolero)

With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also includes the SmartGate function. It enables you to connect your smartphone to the car via cable to access interesting data about your drive, like driving economy, driving dynamics or service information. (Visit our website for usage terms and compatibility information for SmartLink+.)

## Voice control system

000 054 802 (Amundsen), 000 054 802A (Bolero)

The activation software is intended for the licence approval of the Voice Control system and its successful installation. Some device functions can be operated using voice commands, the device can be used more quickly and driving the car is a more comfortable experience. The Voice Control system can be used in the following menus: Radio, Media, Telephone, Navigation. Further important

information can be found in the vehicle documentation. Installation must be carried out by an authorised ŠKODA partner.

# QUALITY & TESTING

INDEPENDENT  
TEST of  
alloy wheels

# PREFER QUALITY? CHOOSE ŠKODA GENUINE ALLOY WHEELS

TESTING SPOT

Independent comparative tests between Genuine and non-original Alloy Wheels were done by an independent institution. The tests include: Driving, Surface, Material, Axial and Radial, Radial Impact.

## CHILD SEATS SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

**Practical  
and variable**

**Perfectly  
verified**

## QUALITY THAT HOLDS AND LASTS

Textile floor mats undergo the heel test that stimulates the action of the driver's foot on the accelerator. Also undergo the load test that stimulates a long driving test.
