## A DRIVE OF CHOICE

The choices we make are clues, revealing something about who we are. Choices can be hard. They can be easy. But nowhere are they more enjoyable than inside a ŠKODA FABIA.

If you choose to make a statement, the FABIA has been remastered and restyled. The unique ŠKODA 'crystalline' design makes everyone look twice. The lively ColourConcept lets you express your own personality through your drive, with many possible choices of roof and body combinations. The LED lights show the way, and also show our focus on the latest technology.

And while the FABIA's compact dimensions still make it agile for urban driving, it's roomy enough inside to carry both people and possessions. As always, ingenious Simply Clever details make the FABIA one of the smartest choices on four wheels.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

The background is an abstract composition of geometric planes in shades of red and beige. A prominent red plane on the left side slopes downwards from the top left towards the bottom left. Other beige planes intersect at various angles, creating a sense of depth and architectural structure. The lighting is soft, casting subtle shadows that emphasize the three-dimensional quality of the planes.

# EXTERIOR DESIGN

# INSTANT CONVERSATION STARTER

Unmistakable. Unmissable. With a typical grille as well as a distinctive front and rear bumper design, sharply cut headlamps and optional LED lighting, the FABIA will announce your arrival at every corner.

## EXTERIOR DESIGN

With its exterior defined by ŠKODA's crystalline design language, the FABIA radiates a fresh, elegant style. The headlamps, grille and front bumper form a harmonic whole, while the edgy contours add vigour and dynamism to the car.

**COMBI VERSION**  
If you want to  
be prepared for  
everything that life  
throws at you, look  
no further than  
the FABIA COMBI.  
This compact car with  
balanced proportions  
combines space  
with elegance in  
a refreshing manner.

#### **HEADLAMP AND FOG LAMP DESIGN**

ŠKODA's crystalline design language truly influences the car's lighting. Headlamps and fog lamps are angular. Moreover, the headlamps include integrated crystalline decorative features referring to the beauty of Bohemian cut glass.

#### PANORAMIC ROOF

The attractiveness of the car can be highlighted with the panoramic glass roof, which stretches all the way from the windscreen to the roof spoiler and brings you the feeling of freedom and even more space.

#### REAR VIEW

With the unmistakable ŠKODA inscription in the back the car proudly declares its family allegiance. The rear lights penetrate into the side, thus also illuminating the profile. The reflectors integrated in the rear bumper improve the visibility of the car.

# **PAINT THE TOWN BLACK, OR WHITE, OR BOTH**

The colours you choose say a lot about you. They give clues to who you truly are. And when you opt for one of the many ColourConcept combinations, you can declare your individuality with pride.

The background is a dark, blurred image of a tunnel. Several bright red light trails, likely from a laser or a high-speed camera, stretch across the frame from left to right. The tunnel walls are visible in the background, showing a series of arches. The overall atmosphere is mysterious and high-tech.

# LIGHT DESIGN

# GLOW IN THE DARK

The sophisticated light design improves the emotional expression of the car as well as your safety, turning night journeys into a joy. The top-end solution comes with a complete LED system, without compromising on form or function.

## LED HEADLAMPS

Every FABIA boasts headlamps with eye-catching strips of LEDs for daylight driving. The top-end option is all about LED technology. The LED headlamps also include corner function.

**LED REAR LIGHTS  
AND REFLECTORS**

The familiar C-shaped illumination is a typical feature of the ŠKODA brand. In addition, the rear lights can be equipped with LEDs. The reflectors integrated in the rear bumper for better visibility of the car also feature in the FABIA.

# INTERIOR DESIGN

# FEEL AT HOME WHEREVER YOU ARE

The spacious yet cosy interior features quality materials and precise workmanship wherever you look. It makes this car a lovely place to spend time in.

# STAY SHARP, STAY COMFORTABLE

Shut out the chaos when you shut the door. The dashboard décors, upholstery options and plenty of refinements ensure you stay comfortable while staying in control.

## STYLE AND FUNCTIONALITY

The FABIA comes with a wide choice of décor and upholstery with decorative stitching. The stylish details are accompanied with perfect functionality. The dashboard is arranged practically so you can get oriented quickly and easily behind the steering wheel.

**CONNECTIVITY**

# ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

Being fully and permanently online means not only having access to entertainment and information, but also possible assistance while on the move. ŠKODA Connect is your gateway to a world of unlimited communication possibilities.

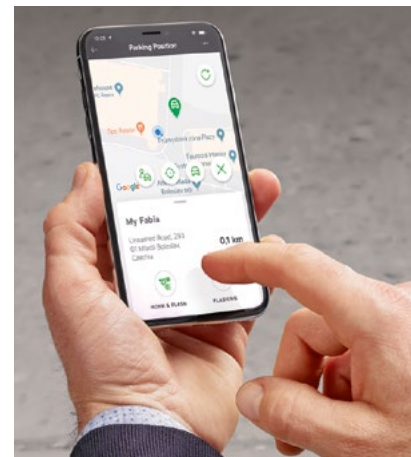

## ŠKODA CONNECT

This offer includes two categories of service. While Infotainment Online delivers real-time information to navigation about traffic, for example, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

## PARKING POSITION

Retrieve the exact location of your car in large car parks from anywhere, by displaying the address, time and date of parking on your mobile phone.

## DRIVING DATA

Information about your journey, such as average consumption, average speed, distance and journey time, is stored. You can display your personal driving data and have an overview of all your trips.

### eCALL

The SOS call is placed automatically during an emergency where the restraint system has been activated. This emergency system can also be activated manually by pressing the red button on the roof console.

### SMARTLINK

With the SmartLink system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto.

### AMUNDSEN

The Amundsen navigation system, controlled via a 6.5" touch-screen display, offers many functions of a top radio. The WLAN hotspot comes as standard. The SmartLink system is optional.

### WEATHER

Get the latest weather report for your current location, destination or anywhere else with detailed forecasts, including precipitation predictions and warnings.

### ONLINE TRAFFIC INFORMATION

Always take the best route: up-to-date information gives you a perfect overview of every trip. It also enables you to react to new developments, such as roadworks, accidents and traffic jams.

### **ŠKODA CONNECT APP**

Have your vehicle always within your reach and enjoy its full control. Download ŠKODA Connect and access all necessary features anytime, whether it's driving data, fuel range, planning a route or even where you last parked. Purchasing all or just some of these service packages will give your car a host new features, encompassing entertainment on the road, care and your safety.

### SWING / SWING PLUS

The Swing radio with 6.5" colour touch-screen display comes in two levels. The basic version features, besides radio function, USB and SD card slots. In addition to the features of the basic Swing version, Swing Plus also offers Bluetooth and SmartLink. The ŠKODA Surround System comes with Swing Plus radio as standard.

### USB SLOTS IN THE REAR

On the rear part of the front armrest you can find two USB slots enabling mobile phone charging.

A photograph of a light-colored wooden pegboard wall in a bright room. A blue and white bicycle is mounted horizontally. Above it, various items are stored: a wire basket with sports balls, two helmets (white and red), a red skateboard, a red first aid kit, a red baseball bat in a wooden holder, and a red plate. To the right, a window with vertical wooden blinds looks out onto a city. The floor is dark wood, and sunlight creates shadows on the left.

**SIMPLY  
CLEVER**

# BE A GENIUS, OR FIND SOME IN EVERY CORNER

A place for everything and everything in its place. The FABIA is loaded with Simply Clever features that pop up all around the car, providing even more practicality.

## FRONT ARMREST COMPARTMENT

The practical storage compartment is housed in the front armrest. You can, for example, store your electronic items safely inside.

## GLOVE COMPARTMENT

The closed storage compartment in the dashboard has enough room to fit a 1.0-l bottle.

#### **CENTRE CONSOLE**

The centre console offers dual drink holders as well as a place for small items you want to keep close at hand. The lighting for the centre console will make the interior more cosy.

#### **POCKETS**

The storage pockets on the rear of the front seat backrests can hold a diary, mobile phone or other small items.

**BOTTLE HOLDERS**

The storage compartments in both rear doors can hold a 0.5-l bottle (see photo), while the front doors can hold a 1.5-l bottle.

**REFLECTIVE VEST HOLDER**

A holder located in the driver's door compartment makes a reflective safety vest immediately within reach if you need it.

### UMBRELLA BOX

A box with an original ŠKODA umbrella can be found under the passenger seat.

### ICE SCRAPER

This clever detail is mounted on the fuel cap and it's not a problem to replace it there when wet.

# LUGGAGE COMPARTMENT

# IF IT FITS YOU, IT FITS IN

The luggage compartment runs some impressive numbers: the hatchback offers 330/1,150 litres and the combi 530/1,395 litres. But it isn't just about volume. It's about how cleverly the space is organised and maximised so your possessions can be transported carefully and securely.

## LOWER POSITION SHELF

The luggage compartment shelf in the hatchback version, when fixed in the lower position, allows you to transport fragile objects, for example.

## NET PROGRAMME

A set of nets in varying sizes will keep order in your luggage compartment and will prevent luggage from sliding around.

#### **DOUBLE FLOOR**

This special equipment for the combi version places the bottom of the luggage compartment on the loading edge level, facilitating easier luggage handling. In addition, it provides a discrete storage place.

**DOUBLE-SIDED CARPET**

You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty, and can easily turn it over to utilise the washable rubber side when required.

**VARIABILITY**

The rear seats feature 40/60 folding split. If you need to maintain rear seating for passengers and extend the storage space at the same time, you can fold down just one backrest.

#### **PARTITION NET**

The partition net for the combi version separates the luggage compartment from the crew space and increases passenger safety when transporting objects without the luggage compartment cover.

COMFORT

# GET INSIDE YOUR COMFORT ZONE

Whether driving is a daily routine or just a weekend occasion, the FABIA makes your weekdays more pleasant and weekends more fun. State-of-the-art technologies hidden under the sophisticated dashboard will take care of you.

## STEERING WHEEL

The multifunctional leather steering wheel enables you to control the radio and phone.

## CLIMATRONIC AIR CONDITIONING

The electronic air conditioning will ensure maximum comfort all year round and, thanks to the humidity sensor, will even deal with a steamed-up windscreen.

### LIGHT AND RAIN ASSIST

Your drive will be safer and more pleasant as the Light and Rain Assist can automatically turn the lights and wipers on and off. It also includes Tunnel Light, Coming Home and Leaving Home function.

### ELECTRICALLY-ADJUSTABLE WINDOWS

The controls of the front and rear windows are conveniently located in the door panelling. Thanks to the up/down function a single button can be used for every window.

### REAR-VIEW CAMERA

Your car can also be equipped with a rear-view camera located on the handle of the 5th door. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.

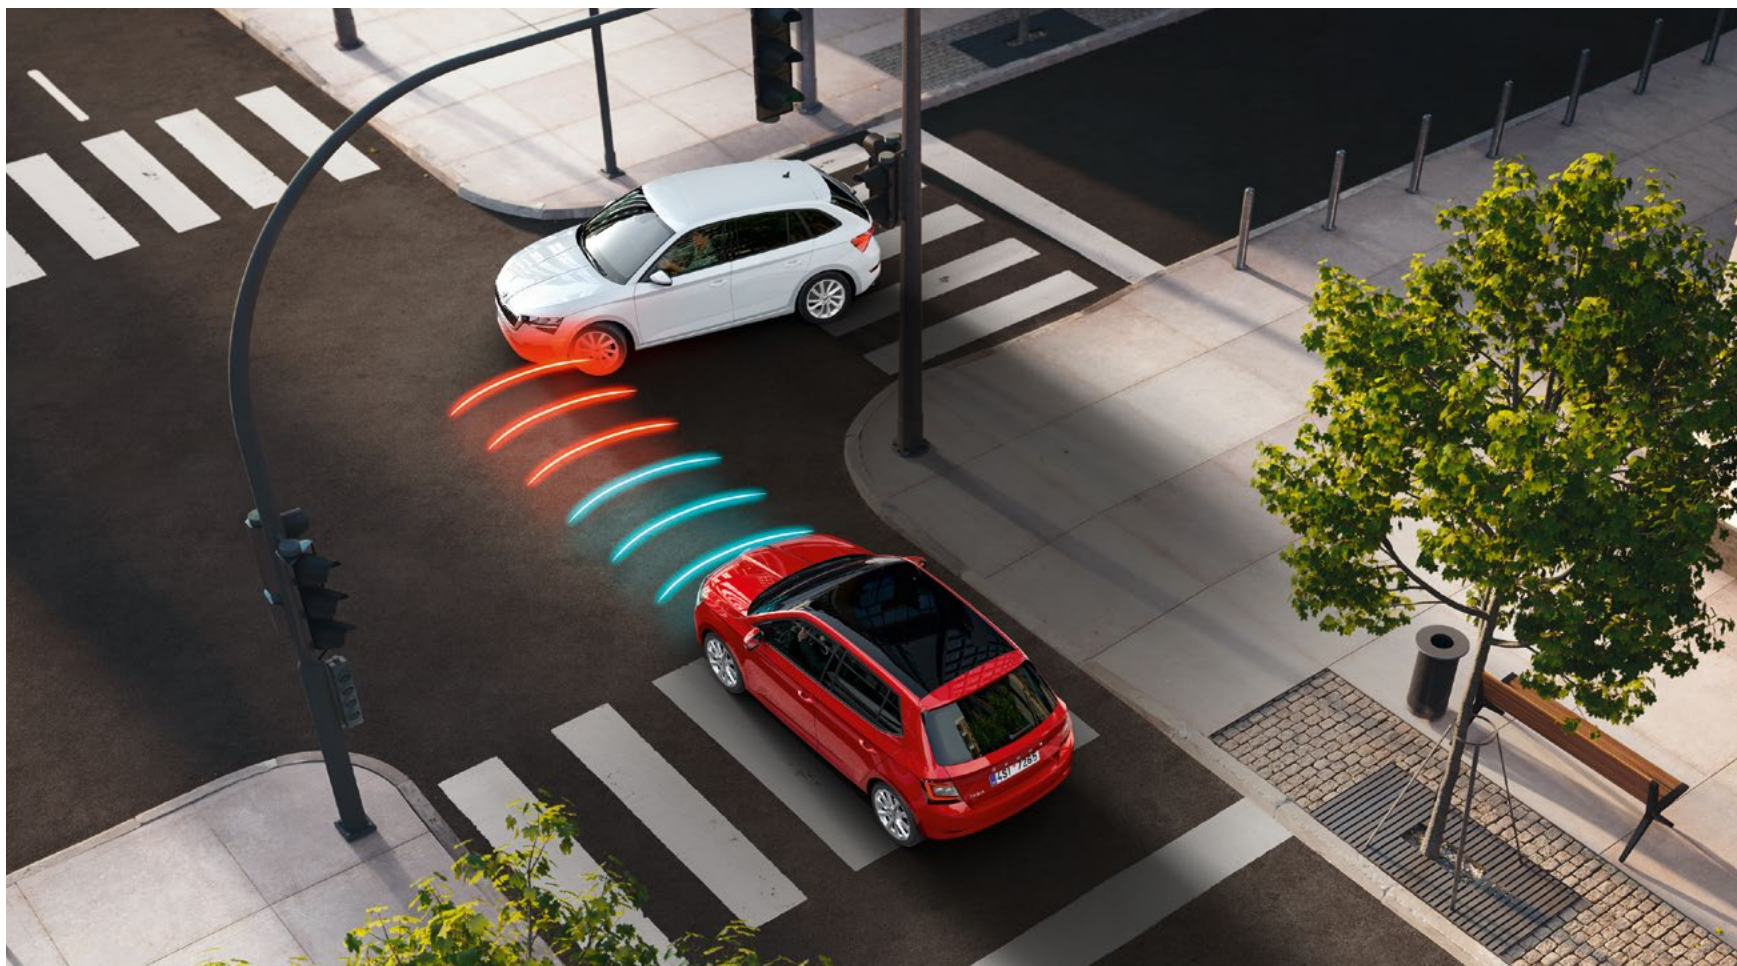

# SAFETY

# PUT EXTRA EYES ON THE ROAD

Travelling is safer with an alert co-driver. Hence the FABIA comes with plenty of assistants allowing you to react to any situation promptly. Some of the systems can even prevent an impending collision all by themselves.

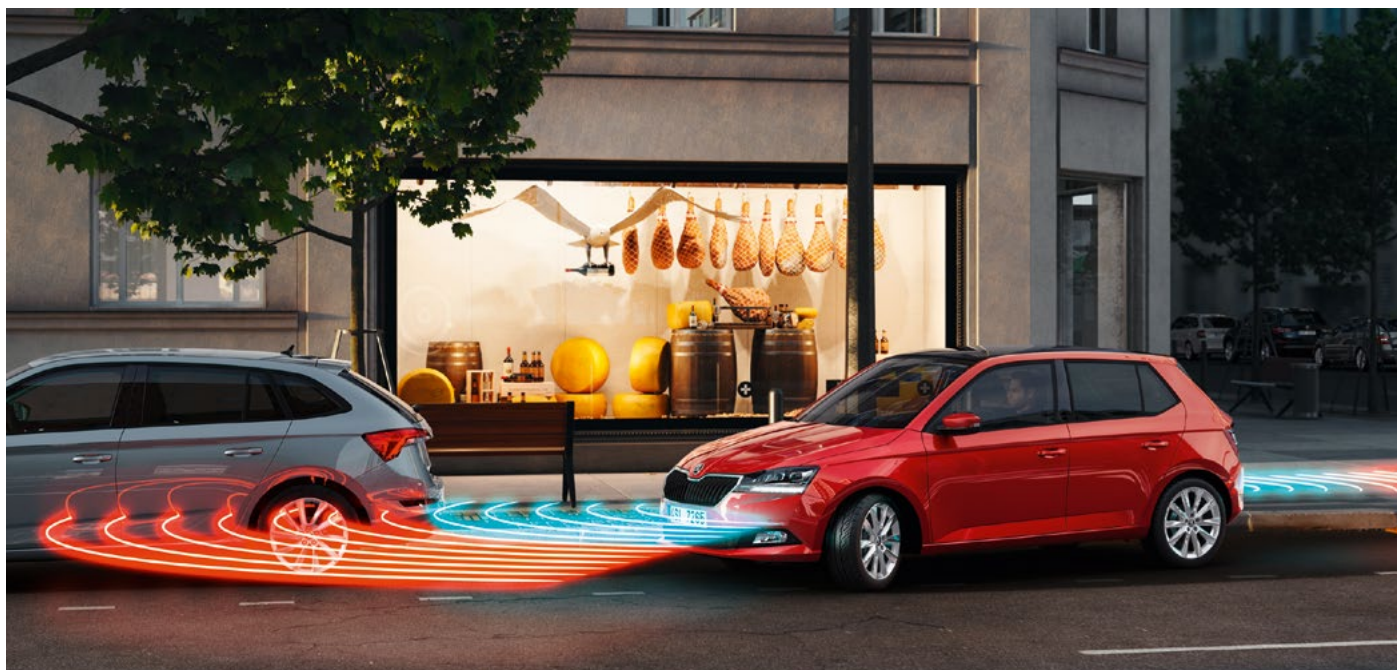

## FRONT ASSIST

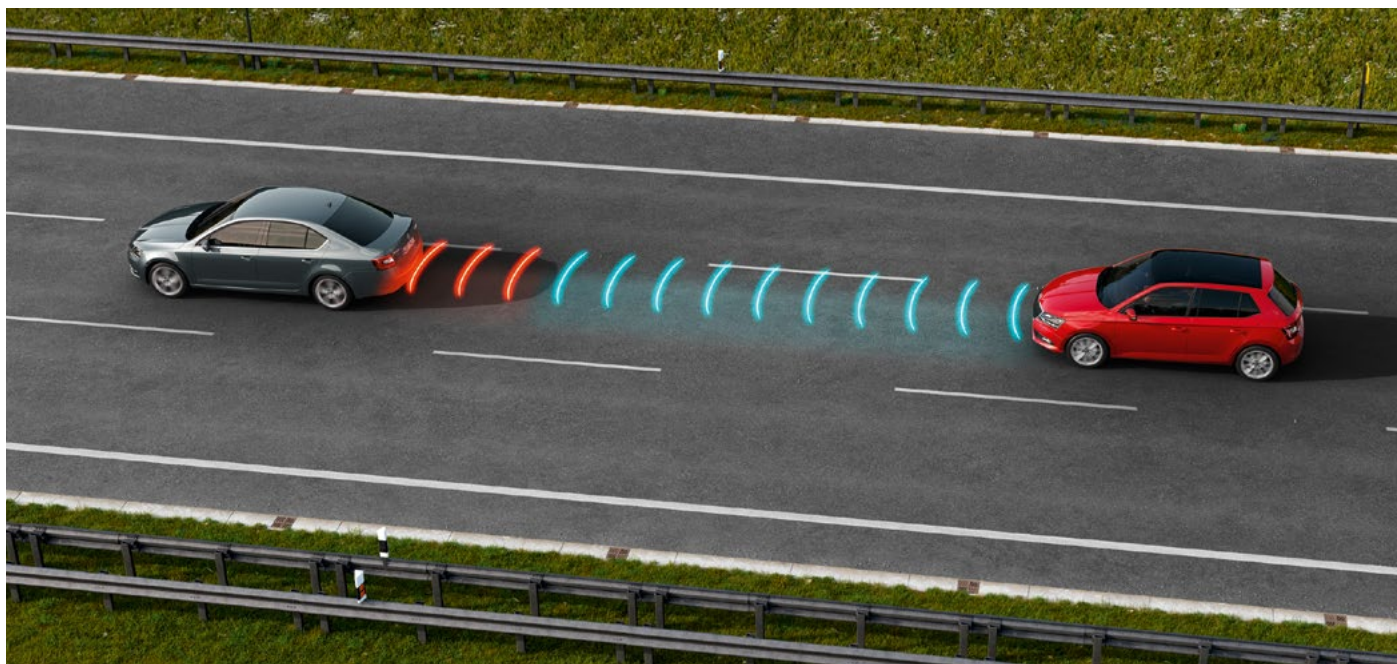

This assistant system, using a radar device in the front bumper, is designed to monitor the distance from the vehicle ahead, including automatic deceleration and braking.

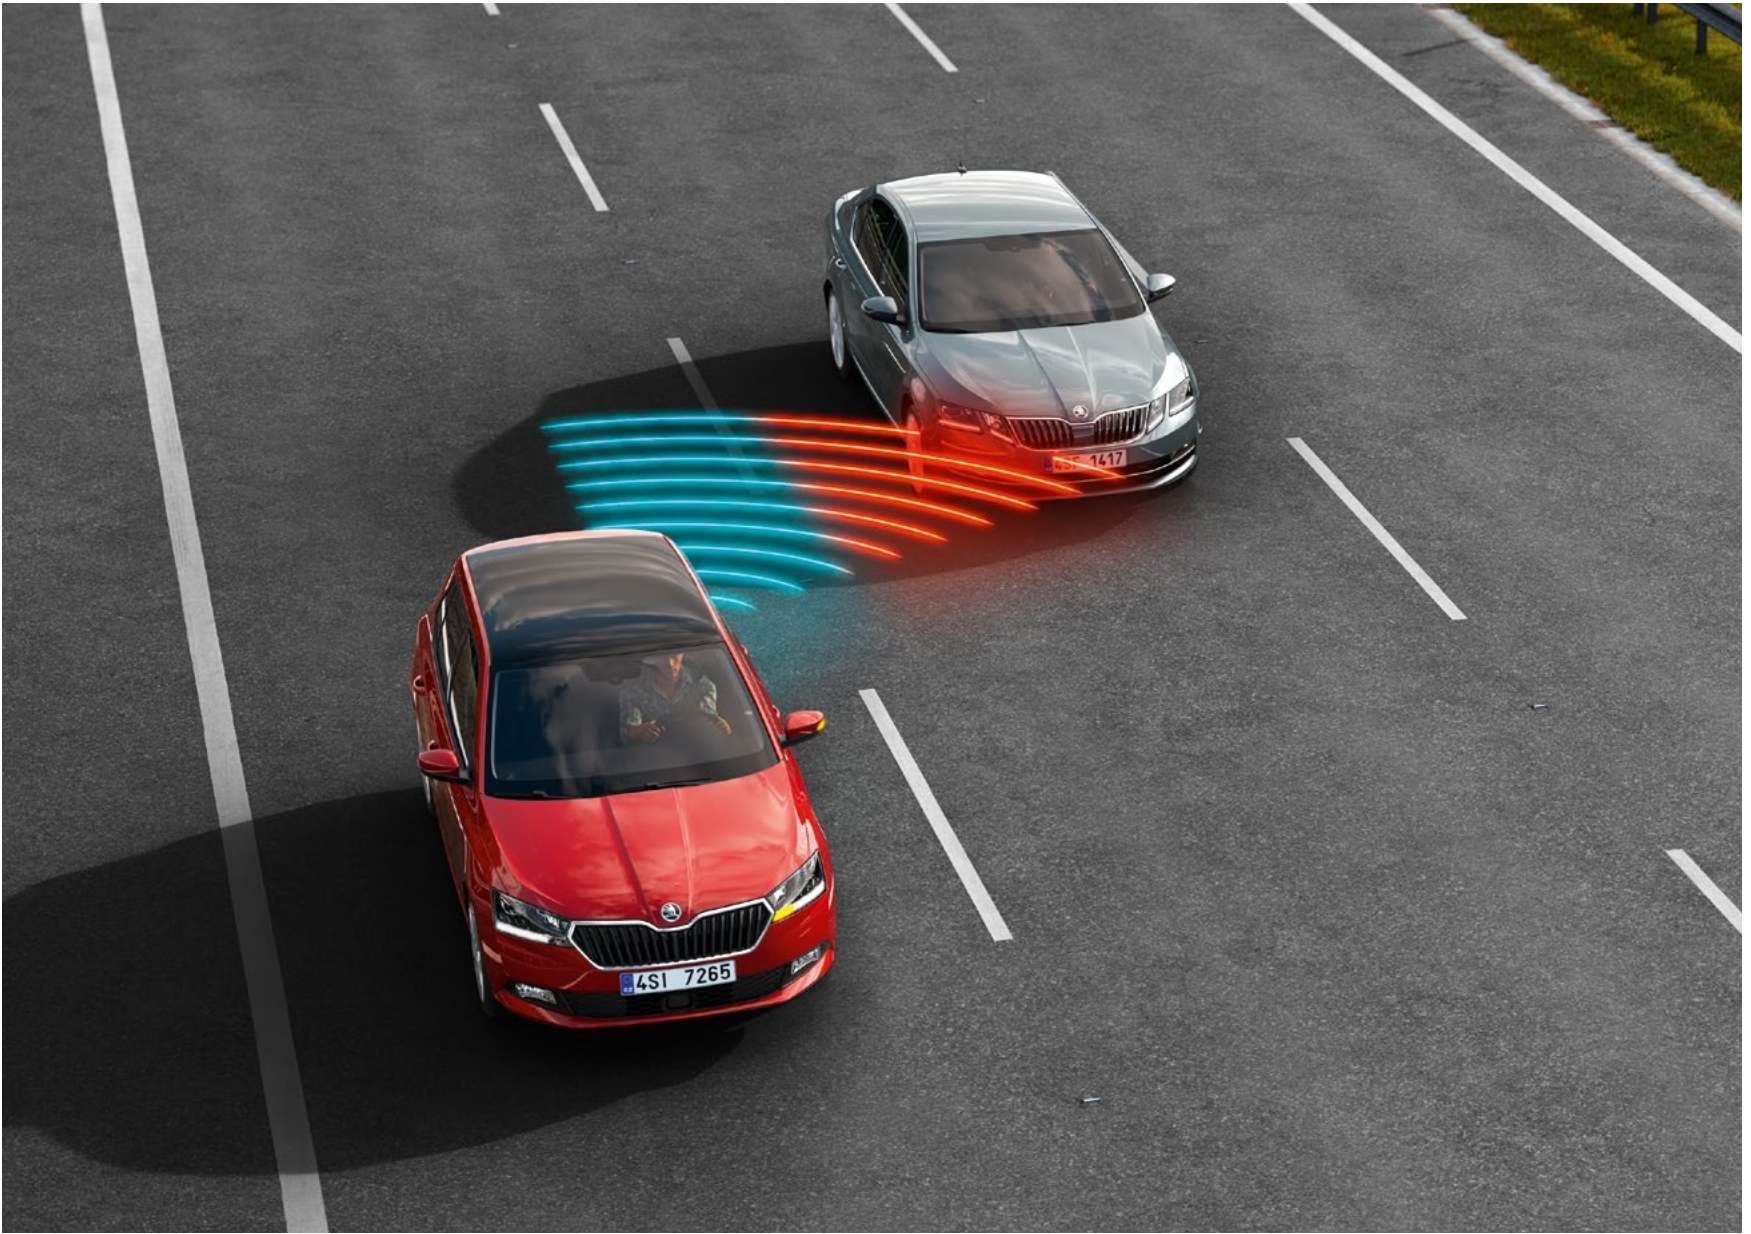

**PARK DISTANCE CONTROL**

Parking the FABIA is easier and safer with the parking sensors integrated in the front and rear bumper, which check the car's distance from any obstacles.

**ADAPTIVE CRUISE CONTROL**

Using a radar device in the front bumper, the ACC, besides maintaining the preselected speed, maintains a safe distance from vehicles in front of you.

#### BLIND SPOT DETECT

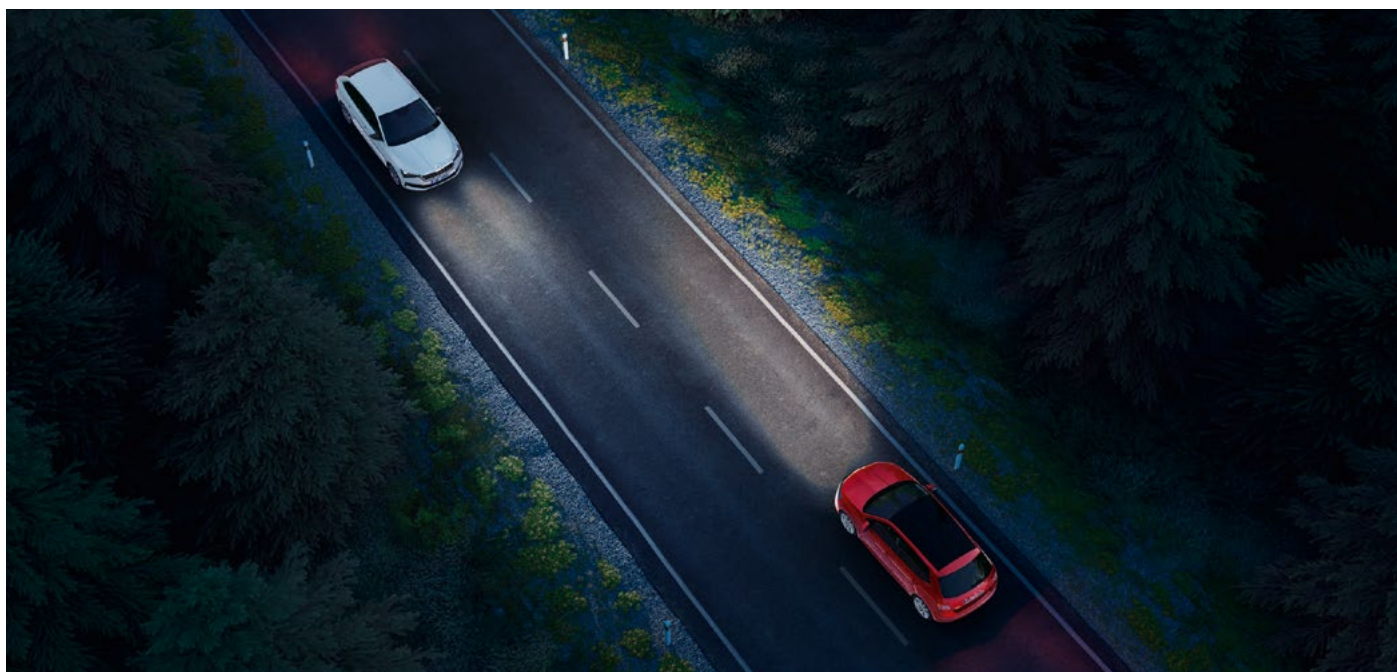

Using radar sensors in the rear bumper, Blind Spot Detect monitors the blind areas behind and beside the car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

**REAR TRAFFIC ALERT**

This assistant, which comes as part of the Blind Spot Detect system and uses the same radar sensors, helps you reverse safely from a parking space during poor visibility.

**AUTO LIGHT ASSIST**

Your Light Assist will automatically switch to high beam and back, increasing comfort and safety in traffic.

# SAFETY ISN'T OPTIONAL

In extreme situations, where the driver cannot actively affect the outcome, the car's passive safety elements take over – like the airbags. In the FABIA you are protected by six airbags, which come as standard.

## FRONT AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

## HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

#### **SIDE AIRBAGS**

These two airbags protect the pelvis and chest of the driver and front seat passenger in the event of a side collision.

# PERFORMANCE

# POWER FRIENDLY, WALLET FRIENDLY

There's no need to choose between dynamism or economy. The engines offer agility as well as economy and exemplary low emissions. When your itinerary includes long distances, the spirited TSI engine is your perfect match.

## TRANSMISSION

Depending on the engine version, the car can be equipped with a manual 5-speed or 6-speed transmission. Both options offer precise and easy gear shifts.

## ENGINES

Our offer includes 3-cylinder petrol engines with MPI as well as TSI technology. You can choose between 1.0 MPI/44 kW, 1.0 TSI/70 kW and 1.0 TSI/81 kW engines.\*

# MONTE CARLO

The image shows the interior of a ŠKODA FABIA MONTE CARLO. The dashboard, door panels, and center console are black with a textured finish. The seats are black with prominent red stitching along the edges and seams. A manual gear shift with a black knob and red stitching is visible in the lower left. The side mirror reflects a scenic view of a lake and mountains. The overall aesthetic is sporty and modern.

# ENTER AN EXCLUSIVE CLUB

Take the successful history of ŠKODA cars at the legendary Monte Carlo Rally. Mix it with the style and glamour of the principality. And you get the exciting FABIA MONTE CARLO. The car features black exterior as well as interior elements, which give it a unique style and a ferocious expression. It's time to go all in.

# NOT TO BE MISSED ON ANY ROAD

Whether it's a street party or retail therapy, the dynamic design and stylish black details of the FABIA MONTE CARLO make it your perfect go-to accomplice.

## INTERIOR DESIGN

The Monte Carlo version features sports steering wheel in black perforated leather, front sports seats, specific fabric upholstery in a combination of red/black, black pillars and black ceiling. The interior is also decorated with red stitching and Carbon or optional Cherry Red décor.

## EXTERIOR DESIGN

The black features such as front grille frame, add-on part on the front bumper spoiler, door sill covers and external side-view mirror caps are always accompanied by black alloy wheels. The optional 18" Vega (shown) are designed for the hatchback version with sports chassis. You can also opt for the black roof, which is exclusively available for the hatchback version in combination with selected body colours.

# **BLACK EDITION**

A detailed view of the interior of a car, specifically the driver's side. The dashboard and center console have a glossy black piano finish. The steering wheel is black with a perforated leather texture and red stitching. The front seats are black with a quilted diamond pattern and red stitching. The gear shift is black with red stitching. The door panel is black with a silver handle. The overall theme is black with red accents.

# BLACK IS THE NEW BLACK

Nothing says classy like something, or someone, draped in black. The FABIA BLACK EDITION not only embraces this striking colour – it makes it truly its own. The dark yet delicious theme continues inside. The car comes with multifunctional sports steering wheel in black perforated leather, Piano Black décor and black ceiling. The interior also features sports front seats and red stitching.

# MYSTERY HAS ITS OWN COLOUR

Whether it's the sleek roof spoiler, the Black Edition original logo or the equally enigmatic wheels, the FABIA BLACK EDITION shows off its style without ever showing off.

## STYLE AND FUNCTIONALITY

Both hatchback and combi versions feature the aerodynamically designed roof spoiler and sports chassis. The sporty look of the car is underlined by the 17" Torino alloy wheels.

#### LOGO

Confirm your driver status with the Black Edition logo on the B-columns.

#### MAGIC BLACK

The car is available exclusively in metallic Magic Black. Naturally, the front grille frame also comes in black.

**CUSTOMISATION**

# ACTIVE

The standard equipment of the Active version includes chrome front grille frame, electrically-adjustable heated external side-view mirrors in black, tinted windows, LED daytime running lights, centre console with 12 V socket and dual drink holders, central locking, plus more.
