THE NEW ŠKODA
OCTAVIA
ACCESSORIES

LONG LIVE THE OCTAVIA!

OCTAVIA has long been ŠKODA's most successful model. To maintain this privileged position looking forward, it requires constant development and innovation in all areas, including design, comfort, handling, crew safety and environmental friendliness. We are honoured and pleased that the new OCTAVIA is literally teeming with new features and, even at this early stage, we are certain that it will do its name proud.

WHEELS

Did you know, that...

All the alloy wheels have passed rigorous homologation tests of ŠKODA AUTO to prove their resistance to corrosion, climatic influences and driving strain?

Moreover, alloy wheels are protected by a layer of extremely hard, heat-resistant paint.

CONNECTIVITY

ŠKODA CONNECT

It's about the journey, not just the destination – and with the ŠKODA OCTAVIA, everyone in the vehicle can enjoy the trip. A connected multimedia system makes it easy to communicate with friends and family, get the information you need, and keep you and your passengers happy and entertained while you drive.

Use the ŠKODA Connect App to remotely check the status of the vehicle, lock or unlock it, or display its parking position, using your mobile device, with a number of further functions just waiting to be explored. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time.

CONNECT App

With **ŠKODA Connect App** in place, your car remains under your control at all times. Access all necessary features and functions of your vehicle anywhere and anytime from your smartphone or smartwatch. Features are available based on ordering ŠKODA Connect bundle: Infotainment Online or Care Connect.

MYŠKODA APP

EVERYTHING ABOUT YOUR CAR IN YOUR POCKET

Imagine an app for your smartphone that serves as your companion every day. An app that provides you with detailed information about your car and its service wherever you are. A way to get immediate help from roadside assistance or your favourite dealer. A true personal assistant making sure you always arrive on time. Meet the MyŠKODA App.

MyŠKODA App is a mobile application available for iOS (Apple) and Android (Google) devices. Its principal task is to help you in various daily situations connected not just to your car. The application is equipped with PAUL (Personal Assistant U Love), an interactive assistant who guides you through the app and helps with daily issues.

Wouldn't it be nice if you could squeeze your car into your smartphone? ...with MyŠKODA App, you can have much more...

Please note:

MyŠKODA App
**support ends in
36 CW this year.**

My Car – A key part of the app is focused on your car: Car Data offers the latest summary about your car and its service appointments, Car Manual is an interactive copy of the Owner's Manual, and a whole range of step-by-step tutorials is available in the Before You Start, Control Lamps, Quick Tips, Video Tips and Simply Clever sections. You can receive selected latest data from your vehicle directly in your mobile phone by connecting with compatible infotainment system.

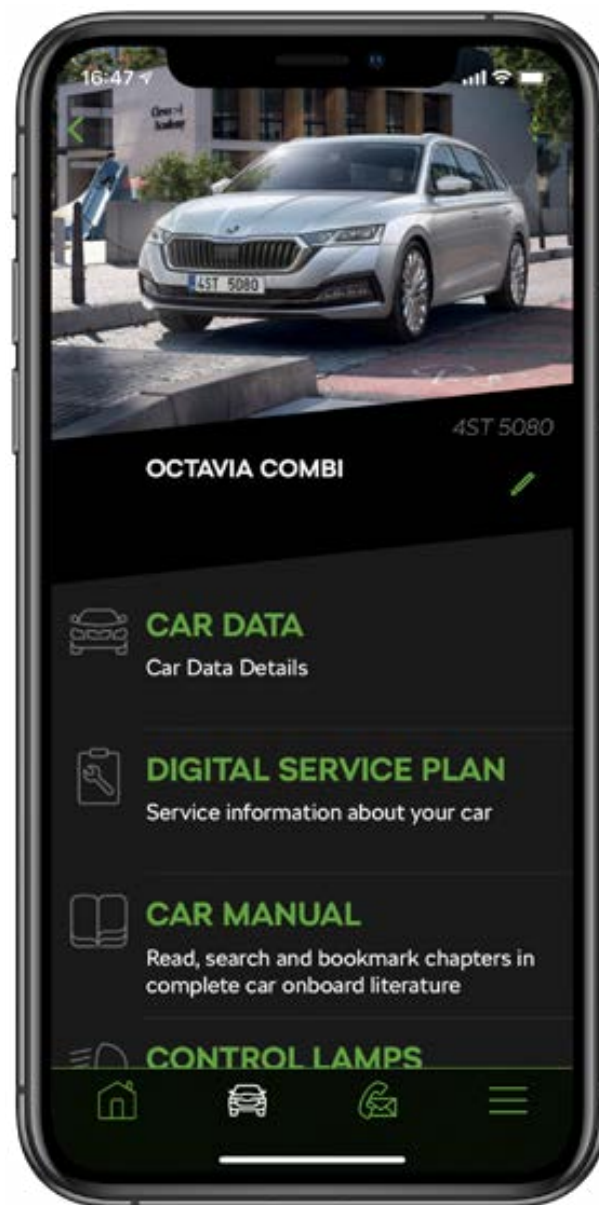

My Dealer – The MyŠKODA App comes with a hotline connecting you to your favourite dealer. Browse the opening hours and offered services, or request an appointment by filling out a simple form so the dealer can call you back.

Assistance – Whether you are stranded on the side of the road or your car doesn't start in front of your house, ŠKODA Assistance is just 3 clicks away. Tap on the receiver icon and let our team get help to you as quickly as possible.

Calendar – PAUL keeps an eye on traffic, weather and the fuel tank to let you know if there might be any trouble on the road and if you should set off earlier. He can activate your alarm earlier if there is a chance you might be late because of heavy traffic or bad weather.

COMFORT & UTILITY

**QUALITY
& TESTING**

QUALITY THAT HOLDS AND LASTS

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°.

The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

Testing of fixing element strength

CHILD SEATS SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

Practical and variable

The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

Perfectly verified

All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.
