**CUSTOMISATION** 70

**ACCESSORIES** 82

A man with a beard and brown jacket stands on a city street, smiling. He is positioned on the left side of the frame, with his hands in his pockets. The background features a brick building and a street sign. The lighting is warm, suggesting late afternoon or early morning.

## WHEN YOU KNOW WHAT FITS YOU

Once you've come to the point in life where you know what you want, you might want this car. With its compact dimensions paired with a bold design language, the new ŠKODA KAMIQ combines understatement with a lot of self-confidence. A perfect car that fits all your needs in the city – and into most parking spaces.

The KAMIQ also offers abundant technologies uncommon for the compact city crossover. Advanced assistance systems and a new generation of infotainment mean you can stay safe without compromising on fun, on every journey.

That's Simply Clever. That's ŠKODA.

# EXTERIOR DESIGN

A blurred street scene with a brick building in the background. A person wearing a brown jacket is riding a bicycle in the middle ground. Several other bicycles are parked along the sidewalk. The image has a motion blur effect, suggesting a fast-paced urban environment.

# DESIGN THAT LEADS, NOT FOLLOWS

He's got the look: the KAMIQ is the perfect mix of robustness and dynamic shapes defined by the ŠKODA design language. It is the first ŠKODA crossover.

## STYLE AND FUNCTIONALITY

With its exterior the KAMIQ manifests belonging to the ŠKODA family, but at the same time shows its individuality. The car offers SUV features, such as a higher chassis and rugged appearance, combined with the practicality of a compact city car.

## FRONT VIEW

The KAMIQ features the wide front grille and split headlamps, which give the front a unique appearance. The add-on part on the front bumper in platin grey or black emphasises the car's crossover character.

**PANORAMIC ROOF**

To add a more individual signature to daily driving, the KAMIQ can be equipped with the optional black panoramic roof.

**SIDE VIEW**

Characteristic lines on the sides of the car enhance its dynamics as shaped by ŠKODA's design language. The impression is even stronger with SunSet tinted windows, which not only accentuate the attractiveness of the exterior, but also protect rear passengers from glare.

**REAR VIEW**

With the unmistakable ŠKODA inscription in the back the car proudly declares its family allegiance. The add-on part on the rear bumper with integrated diffuser in platin grey or black, accentuating the generous clearance, gives the car rear an exceptionally robust appearance.

A photograph of a modern building's exterior. On the left, a large glass window reflects a red car parked outside. To the right of the window is a brick wall and a set of stairs with metal railings. A black mesh trash can is positioned near the stairs. The ground is paved with cobblestones. The scene is lit with warm, golden light, suggesting late afternoon or early morning.

**BECAUSE YOU DON'T  
FOLLOW OTHERS**

# LIGHT DESIGN

# TREND-PROOF BEAUTY

Light doesn't just illuminate. It inspires. The unique headlamps and slim long rear lights make the car instantly recognisable, representing a perfect blend of Czech crystal tradition and modern technology.

## FULL LED REAR LIGHTS

The KAMIQ features horizontally designed rear lights where the C-shaped illumination, typical of the ŠKODA family, has been updated with a modern twist. This original light signature is accompanied by perfect functionality. The top-end option comes with full LED rear lights, which include animated turn indicators.

## FULL LED HEADLAMPS

The top-end option is all about LED technology including corner function, fog lamps and animated turn indicators adding dynamism to the car.

SKODA CRYSTAL LIGHTING

KAMIQ

# INTERIOR DESIGN

# YOUR PERSONAL PLACE TO BE

Inside the KAMIQ you will feel right at home. The interior, which matches the design of the exterior with its self-confidence and total functionality, offers exceptional spaciousness, quality materials including attractive décor and cutting-edge digital technology.

## VIRTUAL COCKPIT

The Virtual Cockpit displays on-board computer specifications in combination with other information such as navigation, for example. You can choose from five layouts (extended view shown) controlled via the 'View' button on the steering wheel. The KAMIQ's Virtual Cockpit features a 10.25" display.

## AMBIENT LIGHTING

Make your space more cosy and comfortable with LED ambient lights running along the dashboard. Your car can be equipped with white, red or copper lighting.

## STYLE AND FUNCTIONALITY

The KAMIQ's interior is furnished with quality materials and great craftsmanship. Multiple combinations of upholstery and décor mean you can give your car a unique personality. Thanks to the beautifully shaped and comfortable seats, you will feel fresh even after a long drive. In the roof panel, you can find an additional USB-C slot which is ideal for charging devices mounted on the windscreen.

# CONNECTIVITY

# ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

Stay connected wherever you are. Being fully and permanently online means always having access to entertainment and useful information. It also offers 24/7 assistance while on the move. ŠKODA Connect is your gateway to a world of unlimited communication possibilities.

## PARKING POSITION

See the exact location of your car from anywhere. MyŠKODA App shows the address, time and date of parking on your phone.

## LOCK & UNLOCK

This feature allows you to comfortably Lock and Unlock your vehicle via MyŠKODA App no matter where you are. For example, in case you forgot to lock your car, you can easily do so with your smartphone from anywhere.

## ŠKODA CONNECT

This offer includes two types of service. Infotainment Online delivers real-time information about traffic and more, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers assistance for any situation that needs it. These services are accessible within the MyŠKODA App.

### eCALL+

An SOS call is made automatically in the event of an emergency on the road. The system can also be activated manually by pressing the red button on the roof console. With the eCALL+ feature, information such as the vehicle's location or the number of people in the vehicle is provided to the first responders.

### ONLINE TRAFFIC INFORMATION

Up-to-date information gives you a perfect overview of every trip. It also enables you to react to new developments, such as roadworks, accidents and traffic jams. Also, local hazard information will warn you in case any inconvenience occurs on your way, such as difficult conditions or limited visibility.

### ONLINE MAP UPDATE

Not only you do not need your own data for map updates, but the update is also completely seamless. You don't need to give it a another thought, as you will always have the latest maps available.

### SHOP / INFOTAINMENT APPS

Thanks to the shop accessible via the infotainment system, you can purchase data plans, extend your ŠKODA Connect licence, and download infotainment apps. For example, you can get a detailed weather report for your current location or anywhere else with the Weather app. Infotainment apps will be regularly updated and more apps will be added over time.

# SIMPLY CLEVER

# FROM BIG IDEAS TO THE SMALLEST DETAILS

Think big. Every detail in your car has been designed to make your travelling hassle-free. From loading your luggage, adjusting the interior space and finding room for your belongings.

## ELECTRICALLY-CONTROLLED 5TH DOOR

It opens and closes at the mere touch of a button on the remote control or in the driver's door, especially handy in unfavourable weather. You can also adjust the upper door position to suit your needs. A button for closing the 5th door is also located on the door itself.

## TOWING DEVICE

The KAMIQ has a foldable towing device with electric release. The switch is in the luggage compartment.

## DOOR EDGE PROTECTION

When opening all side doors, plastic strips eject and cover the edges. In this way, the KAMIQ protects itself against damage as well as being considerate to other cars. Perfect for tight parking spaces, for instance.

#### LIQUID RESERVOIR

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

#### DOUBLE FLOOR

The double floor places the bottom of the luggage compartment on the loading edge level, facilitating easier luggage handling. In addition, it provides a discrete storage place.

#### UMBRELLA STORAGE COMPARTMENT

An ingenious compartment with original ŠKODA umbrella is fitted inside the driver's door. It is designed to let water drain away from the car, keeping the interior dry.

# LUGGAGE COMPARTMENT

# PACKED WITH CREATIVITY

## NET PROGRAMME

One horizontal and two vertical nets increase the flexibility of the luggage space while firmly securing objects.

Even the KAMIQ's luggage compartment represents what creative design means. The boot is fitted with features ensuring your stuff stays in its place and your car stays clean. What's more: the generous capacity of 400 litres, and 1,395 litres after folding down the rear seats, puts this car at the top of its class.

## DOUBLE-SIDED CARPET

You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty and can easily turn it over to utilise the washable rubber side when required.

COMFORT

# INNER CONFIDENCE

Loaded with thoughtful features and sophisticated assistant systems, the car will indulge you in absolute comfort and support your driving confidence. Whatever comfort means to you, you will find it inside the KAMIQ.

## AMUNDSEN 9.2" INFOTAINMENT

Attractive design is accompanied by perfect functionality. In addition to the touch or gesture control, you can operate the device via Laura, the digital assistant. This new enhanced and online-based voice control system can answer queries about a wide variety of topics and follows commands. For example, it will start navigation to a desired destination, find a favourite piece of music or take dictation for an SMS. The Web radio feature also comes as a bundle in combination with the Amundsen infotainment system. It allows you to expand the usual portfolio of conventional stations with your other favourite channels, podcasts, and news. You can tune in and listen in high quality to any radio streaming service in an area covered by the Internet. Combined with the Virtual Cockpit, the Amundsen infotainment system also offers the Traffic Sign Recognition function.

## ONLINE PERSONALIZATION

You will appreciate this service especially if your car is driven by multiple users. Set the individual driving profile, digital dashboard layout or air conditioning parameters – the settings will be synchronized with your ŠKODA ID account. Therefore next time you log in to your car after it was driven by someone else, you can comfortably set off with your preferred settings. With online personalization, you can set your preferred settings not only in your car, but in any ŠKODA vehicle that allows it.

### HEATING FUNCTIONS

The heating function of the front windscreen, which quickly clears frost or steam, and heating of the multifunctional steering wheel are controlled via the infotainment system.

### PHONE BOX / USB

The KAMIQ comes with an enlarged phone box which creates an amplified signal for your mobile device and, at the same time, wirelessly charges your phone while driving. This compartment is not only easily accessible but is also suitable for large display devices. Two USB-C ports located in a centre console allow you to easily connect your external devices without the need for dongles or adapters.

**KESSEY**

The car equipped with KESSEY (Keyless Entry, Start and exit System) or with the simpler version Easy Start features a Start/Stop button on the steering column.

**RETRACTABLE MIRRORS**

The automatically retractable external side-view mirrors fold in when the car is locked, thus protecting them against damage.

**CRUISE CONTROL**

Practical Cruise Control or advanced Adaptive Cruise Control up to 210 km/h (see Safety chapter) are both available.

**ELECTRICALLY-ADJUSTABLE DRIVER SEAT**

For the best feeling behind the steering wheel, we offer you the electrically-adjustable driver seat.

#### HEATED SEATS / USB

In cold weather, your friends and family will appreciate the heated rear seats, which are regulated by a separate control on the rear side of the front armrest. Two USB-C slots enable universal mobile phone charging.

#### ŠKODA SOUND SYSTEM

Enjoy absolute sound clarity, whether it's music or the spoken word, on the Sound System. The system features ten speakers, including a central speaker in the dashboard and subwoofer in the luggage compartment. Among other features the sound can be adjusted according to how many people are in the car and where they are sitting via the All, Front and Driver profiles. The device offers a total power output of 405 watts.

# SAFETY

# TRAVEL ASSIST

Travel Assist combines Adaptive Cruise Control (including Front Assist), Lane Assist+, and Traffic Sign Recognition functions. For maximum safety, it must be constantly monitored by the driver. That's why a capacitive steering wheel detects the driver's tactility, providing an interactive interface to the system. If the driver is not engaged in driving, this behaviour is detected by the capacitive steering wheel. Travel Assist comes exclusively in combination with the Virtual Cockpit and Amundsen infotainment system.

## ADAPTIVE CRUISE CONTROL

Using a radar device in the front grille, in addition to its basic cruise control function, this assistant system, which operates up to speeds of 210 km/h, maintains a safe distance from vehicles in front of you.

**LANE ASSIST+**

The system is capable of keeping the car in the middle of the correct lane and of alerting the driver in case of deviation. It can also take control of the car in the event of lane changes during roadworks.

**FRONT ASSIST**

The Front Assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead, including emergency braking function. The system also includes predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

# ADDITIONAL EXPERTS ON BOARD

You can encounter various things on the road. To ensure that the car is ready to handle all situations that may occur en route, additional assistants with multiple functions are on hand to help or fill in for the driver.

## SIDE ASSIST

Using radar sensors in the rear bumper, Side Assist which can detect other vehicles and even less detectable objects like cyclists up to 70 m away, monitors the areas behind and beside your car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

**REAR TRAFFIC ALERT**

This assistant, which comes as part of the Side Assist system, helps you reverse safely from a parking space during poor visibility. It can even engage the brakes automatically if it detects imminent danger.

**MANOEUVRE ASSIST**

Using the sensors of the Park Assist, this system offers protection from obstacles within driving distance of the car (at speeds of up to 8 km/h). If an obstacle is detected, based on the distance from the obstacle and the car's speed, the system engages the emergency braking.

#### **PARK DISTANCE CONTROL**

Parking the KAMIQ is easier and safer with the parking sensors integrated in the front and rear bumper, which check the car's distance from any obstacles.

#### **PARK ASSIST**

Minimise the hassle of parking in tight spots with Park Assist. It automatically selects an appropriate parking place and safely parks in a row of parallel or perpendicularly parked vehicles.

#### **AUTO LIGHT ASSIST**

Your Light Assist will switch to high beam and back automatically, increasing comfort and safety in traffic.

# SAFETY FIRST, SAFETY LAST

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags. You can have your car equipped with up to nine of them.

## FRONT AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

## HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

#### **FRONT AND REAR SIDE AIRBAGS**

These four airbags protect the pelvis and chest of the driver and other passengers in the event of a side collision.

#### **KNEE AIRBAG**

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

A blurred person in a blue shirt is walking from left to right across the foreground. The background shows a city street with brick buildings, trees, and a white building with a large arched window. The word "PERFORMANCE" is overlaid in large white letters at the bottom.

**PERFORMANCE**

# GREAT PERFORMANCE FOR GREAT CITIES

The engines offer outstanding comfort when driving in or outside the city. The KAMIQ will run quiet, flexible, reliable and economical.

## ENGINES

Our offer includes 70 kW, 81 kW and 110 kW petrol engines with excellent acceleration and high torque. While the 70 kW engine comes with manual 5-speed transmission, other engines are available with both manual 6-speed transmission and 7-speed DSG.

#### DRIVING MODE SELECT

Activated with the mode button on the centre console, Driving Mode Select offers Eco, Normal, Sport and Individual modes. If the vehicle is equipped with a lowered chassis that is fine-tuned with the Sport Chassis Control, you can choose between Sport mode and Normal mode via Driving Mode Select.

#### DSG CONTROL

The automatic 7-speed DSG can be comfortably controlled via the multifunction steering wheel.

# SCOUTLINE

# **HARD SHELL, COMFORTABLE CORE**

Don't let the vigorous body confuse you, as it hides a gentle soul. Get ready to be pampered once you close the door behind you and relish the surprising roominess, state-of-the-art technologies and high-quality materials that look as good as they feel.

# A CLEAN DESIGN, EVEN WHEN IT GETS DIRTY

If the KAMIQ's elegant lines and dynamic shape unite in harmony, then the black and silver protective exterior elements of the ScoutLine version give it a bit of edge. Just like that feeling you get when you leave your comfort zone to discover something new.

## FRONT VIEW

While the split headlamps are a nod to the KAMIQ's distinctive design, the robust front bumper with add-on part in silver emphasizes the ScoutLine version's off-road charisma. The car can be equipped with full LED headlamps including corner function, fog lamps and animated turn indicator.

## REAR VIEW

The add-on part on the rear bumper with integrated diffuser in silver, accentuating the generous clearance, gives the car rear an exceptionally robust appearance. The LED rear lights including animated turn indicator come as standard.

L SK 9933

KAMIQ

# MONTE CARLO

Monte-Carlo is registered trademark by Monaco Brands

The image shows the front interior of a car. The seats are black with red stitching and red accents on the side bolsters. The center console and door panels feature carbon fiber trim. The gear shift is black with red stitching. The dashboard and door panels are black with silver accents. The text "WITH HIGHER POLE POSITION" is overlaid on the image.

# WITH HIGHER POLE POSITION

Imagine a distinguished design, comfort and smart technologies all together in one place. The KAMIQ MONTE CARLO features front sports seats, specific red/black upholstery and instrument panel in Monte Carlo design. The multifunctional sports steering wheel comes in perforated leather with distinguished red stitching. The standard equipment also includes black ceiling, pedal covers in alloy design and LED ambient lighting in red or white.

# OVERTAKES WITH ITS DESIGN

Take the robustness and dynamic shapes of the first ŠKODA crossover KAMIQ, mix it with the Monte Carlo style and you get an exciting car that confidently demonstrates its championship genes.

## STYLE AND FUNCTIONALITY

The Monte Carlo version features a panoramic roof in combination with glossy black roof railings and black rear diffuser.

## BLACK FRONT AND SIDE

Being a true member of the Monte Carlo family, the car also comes with front grille frame, add-on part on the front bumper, door sill covers, external side-view mirror caps and alloy wheels in black.

# ŠKODA LUXEMBOURG

Les matériaux et composants de ce véhicule ont été conçus pour minimiser leur impact sur l'environnement, dans le respect de la réglementation relative aux véhicules hors d'usage. Ont ainsi été privilégiés des composants et matériaux recyclés et/ou réemployables et/ou valorisables, visant à faciliter le démontage et la dépollution des véhicules hors d'usage ainsi qu'à préserver l'environnement. Tout véhicule en fin de vie peut être cédé gratuitement par son dernier propriétaire aux démolisseurs et broyeurs agréés par les services compétents. Pour plus de renseignements n'hésitez pas à contacter votre distributeur Škoda ou vous rendre sur le site internet:

[www.mobilitaet-und-nachhaltigkeit.de](http://www.mobilitaet-und-nachhaltigkeit.de)

Les données de conception, caractéristiques techniques, équipements, matériaux, garanties et éléments stylistiques indiqués dans le présent document étaient corrects au moment de la mise sous presse. Quoi qu'il en soit, Škoda Auto se réserve le droit de procéder à toute modification (y compris des modifications de paramètres techniques ou d'équipements d'un modèle donné). Tout renseignement complémentaire sur les équipements de série et optionnels données à titre indicatif. Sous réserve de fautes typographiques. Tous les prix de ce catalogue sont en Euro (€), TVA (17%) comprise et conformes à la réglementation en matière de prix.

Toutes les photos de ce catalogue ne sont pas contractuelles. Valeurs déterminées suivant la méthode de mesure légalement obligatoire. Vous trouverez de plus amples informations sur [www.skoda.lu](http://www.skoda.lu) ou auprès de votre conseiller de vente Škoda.

SK-LDP-KAR-N02-2021

Les valeurs de consommation et d'émission indiquées ont été déterminées selon les méthodes de mesure prescrites par la loi. Depuis le 1<sup>er</sup> janvier 2021, la procédure d'essai mondiale harmonisée pour les voitures de tourisme et les utilitaires légers (Worldwide Harmonized Light Vehicles Test Procedure, WLTP), une procédure d'essai plus réaliste pour mesurer la consommation de carburant et les émissions de CO<sub>2</sub>, remplace le nouveau cycle de conduite européen (NEDC). En raison des conditions d'essai se rapprochant davantage de la réalité, la consommation de carburant et les valeurs d'émission de CO<sub>2</sub> mesurées selon la WLTP sont souvent plus élevées que celles mesurées selon la NEDC. Vous trouverez plus d'informations sur les différences entre WLTP et NEDC sur <https://www.skoda.lu/skoda-vous/wltp>.

La mention des valeurs WLTP est obligatoire depuis le 1<sup>er</sup> janvier 2021 et remplace celle des valeurs NEDC. L'équipement optionnel et les accessoires (pièces de montage, format des pneus, etc.) peuvent modifier les paramètres importants du véhicule tels que le poids, la résistance au roulement et l'aérodynamique. Les conditions météorologiques, les conditions de circulation et le comportement de conduite individuel peuvent influencer sur la consommation de carburant, la consommation d'énergie, les émissions de CO<sub>2</sub> et les performances du véhicule.

## RÈGLEMENT EUROPÉEN SUR L'ÉTIQUETAGE DES PNEUMATIQUES

À partir du 1<sup>er</sup> mai 2021, les dispositions du nouveau règlement européen sur l'étiquetage des pneumatiques, remplaçant les étiquettes existantes par de nouvelles étiquettes pour les pneumatiques, entreront en vigueur. Afin de permettre aux clients de prendre une décision d'achat éclairée lorsqu'ils configurent le véhicule de leur choix, les nouvelles étiquettes de pneumatiques seront intégrées au configurateur. Sur demande, le client recevra l'étiquette et la fiche d'information pour la combinaison de pneumatiques souhaitée.
