ENYAQ iV. UNCOMMON EXCEPTIONALITY

SUV ENYAQ iV, our first fully electric vehicle brings state-of-the-art technology, fast charging and great mileage. You will be amazed by its generous interior, virtual cockpit, ambient lighting and, last but not least, the brand new head-up display with augmented reality. All of this can be further enhanced by a wide range of ŠKODA Genuine Accessories.

A blue car is shown from the side, driving on a winding road covered in snow. The background features a dense forest of snow-covered evergreen trees and distant mountains under a dark, starry night sky. The car's motion is blurred, suggesting speed.
